ABOUT MYSELF

Licensed Pharmacist and Certified Medical Interpreter with interdisciplinary experience in healthcare delivery, public health initiatives, and cross-cultural medical communication. Demonstrated leadership in community-based public health programs, health promotion campaigns, and international student engagement, with a strong commitment to health equity, access to care, and evidence-based practice. Experienced in working across healthcare systems, multidisciplinary teams, and diverse populations, contributing to effective service delivery, informed decision-making, and improved patient and community outcomes.

EDUCATION & TRAINING

Bachelor of Pharmacy (BPharm)

Faculty of Pharmacy, Capital University (Previously: Helwan University)

City: Cairo | **Country:** Egypt

- Comprehensive training in pharmaceutical sciences (pharmaceutics, pharmaceutical chemistry, pharmacognosy), pharmacology and toxicology, pharmaceutical analysis, and biomedical sciences (biochemistry, microbiology, immunology) relevant to human health and medicines.
- Foundations in clinical pharmacy, pharmacotherapy, and pharmacy practice, including rational and safe use of medicines, dispensing processes, patient counseling, and introductory public health and healthcare systems concepts.
- Knowledge of quality assurance, Good Manufacturing Practice (GMP), pharmaceutical regulations, and professional, ethical, and legal standards governing pharmacy practice.

Credential Evaluation

World Education Services (WES) [05/11/2025]

Website: <https://www.wes.org/>

- Credential assessment: Bachelor of Pharmacy degree evaluated/assessed by World Education Services (WES) and determined to be equivalent to a Canadian four-year Bachelor's degree.

WORK EXPERIENCE

Magdy Abdeen Pharmacy - Egypt, Giza

Pharmacy Manager

[01/01/2024 - Current]

- Managed end-to-end community pharmacy operations, ensuring continuous service delivery, regulatory compliance, quality assurance, effective inventory control, documentation, and coordination with suppliers.
- Oversaw safe medication dispensing and pharmacy staff performance, providing patient counseling and health education while applying principles of medication safety, ethical practice, healthcare management, and continuous service improvement.

GLOBO Language Solutions, LLC - United States, Wyncote, Pennsylvania

Remote Medical Interpreter (English–Arabic)

[01/07/2022 - Current]

- Provided remote medical interpretation services through multiple healthcare interpreting platforms, including LanguageLine Solutions, Proprio Language Services, and Boostlingo, while primarily through GLOBO Language Solutions.
- Delivered accurate and confidential bilingual medical interpretation (English–Arabic) for remote healthcare encounters, enabling effective communication between limited English proficiency (LEP) patients and providers while ensuring adherence to clinical terminology standards and interpreter protocols.
- Applied advanced language proficiency, medical terminology knowledge, and intercultural competence to bridge linguistic and cultural barriers, support patient understanding and engagement, and reduce risk of miscommunication in clinical, diagnostic, and treatment contexts.
- Maintained strict privacy, ethical conduct, and regulatory compliance, including HIPAA-level standards for patient information security, impartiality, and professional confidentiality in all interpreted interactions.

Egyptian Pharmaceutical Students' Federation (EPSF) - Egypt, Cairo

Business or sector Education | **Department:** Public Health, Education and International Programs | **Website:** www.epsfeg.org

National and Local Officer (Student Organization Leadership)

Positions held:

- Public Health Chairperson; Student Exchange Officer (SEO); Secretary General; Vice President; President (EPSF Helwan).
- Member, Public Health and Student Exchange Working Groups (National Level).

Main activities and responsibilities:

- Held multiple senior leadership positions at local and national levels, culminating in President of EPSF Helwan, with responsibility for strategic planning, organizational governance, and overall performance.
- Led and implemented public health initiatives, including long-term community-based campaigns (e.g. national blood donation activities and awareness campaigns), translating public health principles into sustained outreach and measurable community impact.
- Actively contributed to the Student Exchange Program (SEP) by coordinating exchange activities, supporting incoming international students, and promoting intercultural communication and international mobility.
- Played a key role in transforming EPSF Helwan from an underrepresented local association into a fully active and recognized full member, through the establishment of governance structures, democratic processes, and sustainable operations.
- Represented EPSF in national and international academic and professional events, collaborating with stakeholders and contributing to student development, leadership capacity building, and organizational growth.

CONFERENCES & SEMINARS

Cairo, Egypt

- Organizer and participant in the Eastern Mediterranean Pharmaceutical Symposium (EMPS), a major international conference organized by the International Pharmaceutical Students' Federation (IPSF) and hosted by the Egyptian Pharmaceutical Students' Federation (EPSF), involving international speakers and regional delegations and focusing on public health challenges, healthcare systems, and pharmaceutical practice in the Eastern Mediterranean region.
- Participated in multiple national scientific and professional events organized by EPSF, including National Congresses, National Symposia, Step on the Way, and 3D of Science, all of which are large-scale scientific initiatives emphasizing research skills, scientific thinking, evidence-based practice, and the application of research to healthcare and public health contexts.

VOLUNTEERING

Cairo, Egypt

- Led and implemented community-based public health awareness campaigns (e.g. blood donation, hepatitis, breast cancer, smoking cessation), reaching approximately 2000 - 3000 individuals across university and local community settings and contributing to improved health literacy and preventive engagement.
- Coordinated and supported multiple national Blood Donation Campaigns, mobilizing student volunteers and community participants; campaigns were associated with an estimated 25 - 30% increase in blood donations during campaign periods. Additionally, a regular voluntary blood donor for over 10 years, demonstrating sustained personal commitment to public health and community service.
- Contributed to Student Exchange Programme (SEP) support and community outreach activities for 3 years, facilitating intercultural engagement and international professional exposure for incoming and outgoing pharmacy students.
